

# ALA Certificate Specialist Monograph Order Form

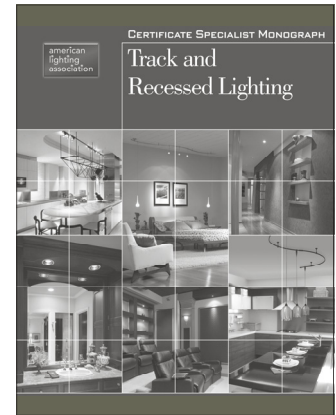

If you've earned the American Lighting Associations' Lighting Specialist designation, the new Certificate Specialist program is your next step up on the ladder to success.

To earn the "Kitchen and Bath Lighting Specialist" or "Track and Recessed Lighting Specialist" designations, Lighting Specialists must study the hard-copy monograph for each topic and pass an exam.

The first monograph – *Advanced Kitchen and Bath Lighting* – is now available for purchase. Look for the next monograph – *Advanced Track and Recessed Lighting* – later in 2008.

**Available Now!**  
*Advanced Kitchen and Bath Lighting*

**Available Fall 2008**
